

## Scholarship Application Submission and Follow-up Information Deadlines: 2009-2010

Submit scholarship applications at least **15 business days** in advance of the class, conference, or event start date. The following table shows the scholarship submission deadlines. To determine when the deadline is, find the start date of your class, conference, or event under the “Event Start Date” field, then look at the “Scholarship Deadline Date” field to view the date by which your scholarship application must be submitted. Late scholarship applications will not be accepted.

Submit the scholarship follow-up form, certificate of attendance, and/or the conference reimbursement request form no later than **10 business days** after the class, conference, or event end date. To determine when the deadline is, find the end date of your class, conference, or event under the “Event End Date” field, then look at the “Follow-up Information Deadline Date” field to view the date by which your scholarship follow-up information must be submitted. Failure to submit follow-up information by the deadline date may exempt you from future Prime Time Scholarship opportunities.
